**Tuition is based on the number of days school is in sessions, which is then divided evenly into 9 monthly payments. Since the tuition is averaged out over the school term, the same amount of tuition is due each month regardless of the number of days in the month school is in session or that your child attends.**

**I understand that a non-refundable registration fee of \$50.00 and well as a non-refundable payment for May's tuition is due with this form. These fees will hold my child's place until the first day of school. If you leave the school before May, the last month's tuition may be forfeited based on the circumstances.**
